

Govt. Degree College Dharamshala

Bachelor of Vocation (B.Voc.)

QCarwaan
(The Journey of Success)

Session : 2023-24

From Message Principal Desk

Dear Students, Parents, and Faculty,

I feel honored to congratulate you for getting admitted to one of the best colleges in Himachal Pradesh. I welcome you cordially with a commitment to shaping your life and personality with a quality skill education that will enable you to cope with the ever-changing global scenario.

Secondly, I would like to express my enthusiasm for the recent changes brought about by the new education policy with its student-centric approach, which emphasizes holistic development, critical thinking, and skill enhancement. It nurtures individuals who are proficient but also possess the skills and knowledge necessary to excel in a rapidly evolving world.

One of the key aspects of the new policy is the emphasis on vocational education. We recognize the value of practical skills and the need for students to be equipped with both theoretical knowledge and hands-on experience.

I believe that “Imagination is more important than knowledge”. At the B.Voc Department, we emphasize more on vocational training and activity-based learning. We surely give much importance to imagination and creative learning experience.

Best Wishes

Dr. Sanjivan Katoch

Principal,

Govt. Degree College, Dharamshala

From Nodal Officer desk

India is the fast-developing economy in the world. So, skill based and vocational education is the need of the hours. Apart from the theoretical knowledge, practical skill based and real-life exposure will help the students to cope with the skill which is required at global level and need of today's environment. Our main aim of the course is to cater the need of skill gap of the society and for the purpose, a number of MOUs with the industries has been done to provide platform to our students to catch and nurturing their future in the right way. Bachelor of Vocation is a 3-years industry-oriented degree course. The basic eligibility for pursuing the course is 10+2 or equivalent with 45% marks in aggregate in any stream (Science, Commerce, Arts, and Vocational) from any recognised institution. The course has essentially been designed for student wishing to enhance their employability and will put a bench mark in education fields and youngsters dream will becomes true.

Dr. Ajay Kumar Chaudhary

Associate Professor

Department of Commerce

Government P.G. College Dharamshala

Introduction of B.Voc (Bachelor of Vocation)

B.Voc degree programmes are offered in 20 colleges across the state. This is a 3 years degree course after Higher Secondary or Intermediate College with multiple entry and exit points. Students completing the first year get a Diploma certificate, after second year they get the Advanced Diploma certificate and after completion of three years, the B.Voc. Degree is awarded. The course curriculum has 40% general education (theory) and 60% vocational training (practical) components. These programs follow semester system and offer credits after completion of the course. The students who have enrolled in B.Voc courses appreciate the practical focus and are confident that their chances of getting a suitable job are higher than other graduates. These courses are expected to comply with NSQF and are financially aided by the UGC (University Grant Commission). The University Grants Commission (UGC) has launched a scheme on skills development based higher education as part of college/university education, leading to Bachelor of Vocation (B.Voc.) Degree with multiple exits such as Diploma/Advanced Diploma under the NSQF. The B.Voc. Program is focused on universities and colleges providing undergraduate studies which would also incorporate specific job roles and their NOSs along with broad based general education. This would enable the graduates completing B.Voc. to make a meaningful participation in accelerating India's economy by gaining appropriate employment, becoming entrepreneurs and creating appropriate knowledge.
